

Why be a Dawson reseller ?

Work with an established company that is a world leader in satellite communications

Make a great margin on products sold , thousands of Euro rather than a hundred on a fixed system

Have security for the future, confident that Dawson are always developing ahead of the market to have products that give you a competitive edge

Existing customer base includes BBC TV and Radio , Danish Radio , Thales , RBS Bank , Thames Water , hundreds of KA systems delivered in total

Dawson can provide a complete package to you including shipping , fitting at our office or yours , training and full systems integration its your choice

Price list in Euro or UK £ , your choice

Dawson KA-SAT antennas are the best selling product in Europe

Fully type approved and fantastic quality gives a great customer reaction and high satisfaction levels

Full factory pre and after sales support to resellers to ensure that you look good to your customers

Stock held in depth at our factory in the UK , typical delivery time 3 days to European addresses

You can add value by supplying the dish / TRIA / modem and account and IT equipment or let us do this if preferred

Target new and high value markets in your area with our full support
